Dear Parents:

We welcome you to the start of the school year, and we are pleased to the 2017-2018 Parent Workshop series dates. Many of you already have seen these on our website. We ask that you please put the dates on your calendar. We hope to see you at these events as often as you are able throughout the year.

These events are a great opportunity to visit campus, learn valuable information about topics and trends relevant to your child and family and most importantly get to know our staff and other families at Grove students.
